

# MISSION POSSIBLE

## Prayer Briefing

*Praying for Haiti and the Dominican Republic*

**Estivene Fabienne**

**Cook at Chardene**

Estivene is a cook at Chardene and has lived in that community her entire life. Growing up, she lived with her parents, 2 sisters and 5 brothers, and today she lives there with her four children. When she initially got involved with Mission Possible 14 years ago, it was just to help out in the kitchen, but then it turned into a job. Since her sons attend school at Chardene, it is an added bonus that she gets to see them every day. She would love to eventually see a Mission Possible University.

“Mission Possible has done something very special for this community and the students here”, she said. “Even though we have a lack of water and it is a big problem, our leaders do their best to supply it.”

Estivene knows of the hardships that come from living in Haiti, especially a rural community such as Chardene. She motivates us to keep investing in the lives of our employees and working to see that our schools and churches keep improving, as well.

Please pray for Estivene’s provision and protection as she serves the students at Chardene School.

*Please pray daily for our staff members.*

### *Sponsors:*

Pray for your sponsored students as they begin school in September.

Pray that registration will be completed well.

Pray that God will supply all of the needs at the schools.

### *Other prayer needs:*

- Haiti—Praise God that the Mission Center was not damaged by the recent earthquake and tropical storms. Pray for those on the island that were affected that rescue and relief efforts will be effective.
- Pray that Godly leaders will be elected into office in Haiti that will bring about a positive change.
- Pray that the gang violence will cease and peace will be restored to Haiti.
- Pray that myths surrounding COVID and vaccinations will be replaced with truth, and that our staff in the DR and Haiti will lead by example.
