Elmanise is the new Community Agent at MPCA and is currently being trained by Anite, our School Nurse in Haiti as well as by Deb and Belinda here at Mission Possible in Findlay via Zoom meetings. Elmanise is married and has one 3 year old son. She had one year of nursing school prior to coming to Mission Possible. She is active in the Pentecostal Church that she attends. Elmanise is very “bubbly” and engaged during our Zoom meetings. Please pray for Elmanise that she will be able to adapt well to the role of Community Agent and that she will care well for the children at MPCA.

Sponsors:

Thank you for your faithfulness in giving and prayer for your sponsored students at MP schools. Are there friends or family with whom you could share about your sponsored student and plant the seed for them to help too?

Please pray for:

- All the leaders who are in Haiti as they carry on daily responsibilities in the schools and churches despite the challenges of exorbitant prices and the threat of injury or death due to violence and kidnappings.
- All of the leaders who are in the Dominican Republic as they oversee ministries in the schools and churches.
- Pray for the students in both Haiti and DR as they return to school after being off for Christmas break. Pray that they will be refreshed and focused.
